

## THE WORLD UNTIL YESTERDAY WHAT CAN WE LEARN FROM TRADITIONAL SOCIETIES JARED DIAMOND

Sep 23, 2020

[The World Until Yesterday What Can We Learn From Traditional Societies Jared Diamond](#)

As a result, The World Until Yesterday is a great book. Jared Diamond is an absolute master of his field, as readers of his other books can attest, and his breadth of examples and insights is exhaustive. In past books though, he has tended to take a single thesis, and argue for it based on case studies. Here, Diamond examines 9 broad themes, discussing how we treat them in the modern world, and how they were treated then. In some ways, we are clearly better off: in other ways we are perhaps ...

The World Until Yesterday: What Can We Learn from Traditional Societies? by Jared Diamond I was initially excited to read this book as the subject interests me. The premise is to understand how humans lived before modern civilization and to compare that to our lives now. Should we try to be more like "traditional" people in order to solve some of our problems? However, the more I read, the ...

The bestselling author of Collapse and Guns, Germs and Steel surveys the history of human societies to answer the question: What can we learn from traditional societies that can make the world a better place for all of us?. Most of us take for granted the features of our modern society, from air travel and telecommunications to literacy and obesity.

Diamond doesn't romanticize traditional societies--after all, we are shocked by some of their practices--but he finds that their solutions to universal human problems such as child rearing, elder care, dispute resolution, risk, and physical fitness have much to teach us. A characteristically provocative, enlightening, and entertaining book, The World Until Yesterday will be essential and ...

Jared Diamond (Boston (Massachusetts), 10 september 1937) is een Amerikaans fysioloog, evolutionair bioloog, biogeograaf, milieuwetenschapper en aardwetenschapper.. Sinds juni 2002 is hij hoogleraar in de geografie aan de UCLA (de Universiteit van Californië - Los Angeles).Eerder was hij daar al hoogleraar in de fysiologie aan de geneeskundige faculteit

[Jared Diamond | Books | The Guardian](#)

Exactly what we should learn from traditional societies is up for debate, and Diamond does not attempt to reach a consensus. His point is more profound: that we should at the very least think about other possible ways of organizing our societies, and that traditional cultures provide a way to see other possibilities in action. As they shrink and disappear, we lose a cultural laboratory of ...
